- Further seats requirement - 10,000.

**Veerayatan fills the void by establishing a new State of the art  
Pharmacy Degree College in Kutch, Gujarat.**

# Let us empower the humanity with the gift of knowledge

## Introduction

- ▶ Veerayatan is a non-profit, non-governmental registered organization established thirty three years ago in Bihar.
- ▶ With the blessings of Pujya Gurudev Upadhyaya Shri Amar Muniji Maharaj, Veerayatan is run by a team of sadhvijiis (renunciates), trustees, committee members and professional staff under the devoted leadership of Acharya Shri Chandanaji .
- ▶ Veerayatan strives to uplift and empower humanity through service (seva), education (shiksha) and inner development (sadhana).

## Veerayatan's Initiative in Kutch

- ▶ Veerayatan began its work in Kutch by providing relief measures after the devastating earthquake of 2001. With its dedicated team, it has played a major role in providing succor to the victims. Through stopgap schools and vocational training centers throughout Kutch, Veerayatan initiated the noble task of rehabilitating earthquake affected people.
- ▶ Since then Veerayatan has been striving relentlessly to improve the quality of life in the region by conducting various service and educational projects.
- ▶ After establishing its strong foothold in primary & secondary education, Veerayatan has now taken a lead to establish the first Pharmacy Degree college in Kutch.

## Veerayatan Institute of Pharmacy - Prelude

- ▶ In December 2004, an application to start a Pharmacy college was submitted to the AICTE authorities, an existing structure was used to house the Pharmacy college and in a short span of four months all the formalities were completed. A formal permission to start the college was successfully obtained in May and the classes have commenced from August 2005.
- ▶ This herculean effort of Veerayatan will go a long way in elevating the educational standards of the people in the district and in bringing quality professional education to their doorstep.

## Objectives and Scope

- ▶ To create professionals suiting the needs of pharmaceutical industry worldwide.
- ▶ To train the students with excellent practical skills.
- ▶ To impart training in basic inputs of pharmaceutical operations.
- ▶ To improve the quality of education through periodical seminars, symposiums and guest lectures.
- ▶ To provide value based technical education to students making them responsible citizens.
- ▶ To augment economic prosperity of the Kutch region in particular & the country as a whole.

## Present Attributes:

- ▶ In the year 2005, successful launching of first year B. Pharm. in an existing structure with a formal approval of AICTE.
- ▶ Students enrolled from all over the state.
- ▶ A team of dedicated and dynamic faculty lead by a qualified Principal with 20 years of academic and administrative experience.
- ▶ Well-equipped laboratories with all the necessary infrastructure.
- ▶ A well documented library with sufficient number of books.
- ▶ A clean, modern and eco-friendly campus.

## Challenges Ahead

- ▶ Supplementing the college library with ample number of text and reference books, professional journals and periodicals.
- ▶ Priority for digitalization of college library with internet, LAN & WAN facility.
- ▶ Creating ultra modern well-equipped laboratories for practical skills development.
- ▶ Incorporation of a conference hall with teleconferencing facility.
- ▶ Designing a fully equipped auditorium with audio visual networking.
- ▶ Commencing a Post Graduate Program in the near future.
- ▶ Promoting NRI's participation in the educational programs.
- ▶ Providing ATM, post office, bank and other basic amenities in the vicinity.
- ▶ Erecting a state of the art Pharmacy College building.

## Construction Plan

40,000 Sq. ft. building construction work is under progress.

## Salient features:

- ▶ 15 ultramodern fully equipped laboratories for practical skill development.
- ▶ Spacious and well-ventilated class rooms for instructional pedagogy.
- ▶ Digitalised library with a treasure trove of texts, reference books, Journals and periodicals.
- ▶ Central drug store with alphabetical indexing for easy access of drugs and pharmaceuticals.
- ▶ Aesthetic museum displaying different pharmaceutical dosage forms & novel drug delivery systems.
- ▶ Hi-tech instrumental laboratory with modern analytical equipments like LC-Mass spectroscopy, HPLC, Gas-Chromatography, IR spectrometer, NMR & several others.

Total Estimated cost of the project "Rs.4.5 Crores".

## Veerayatan Institute of Pharmacy - The first Pharmacy Degree College of Kutch.
